

Mission statement of school

The school has a mission to provide stress free and conducive learning ambience to the learners and uplift the children from the weaker section by providing free education and necessary aid to fulfill their basic needs and develop them. The school wishes these children to dream, fulfill their desires, to study, to gain whatever they can and to become an integral part of the society . Apart from regular school a pilot project for free Education for under privileged, the school is beginning with class I this year and it will be gradually upgraded. We not only want children to have bright future but also to have a life of purpose. We want them to become responsible citizens of the nation. Sanklapa Shakti (determination) is the pillar of success. Don't condemn yourself if you fail. (sant kabeer)
